

Hello to all, we miss you loads,
Here's some things for you to do.
A challenge and some fun, we hope,
To see the whole day through!

Mrs Harman loves the colour green,
As well as yellows, reds and blues,
Can you find five more things,
In a colour that you choose?

Mrs Cotterell said, "Can you paint,
A picture just for me?
Yourself would be a lovely sight,
With family for us to see?"

Mrs Andrews asks, "Can you count?
To five and then to ten?
Find ten favourite things to collect,
Then count them all again!"

Mrs Chilvers loves pretty things,
Like flowers and butterflies,
Can you pretend to be one?
With wings and antennae!

"5 senses have we all", says Mrs Knight,
"Touch, taste, smell, hear and see,
Tell me a favourite one of each,
That makes you happy as can be!"

We all like to dance,
Do you like dancing too?
Find your favourite song to sing,
And make some music, do!"

Mrs Cotterell says "You've worked so hard,
Time to rest for you,
Choose a favourite story for quiet time,
And a friend to tell it to. "

Mrs Harman says "You've done so well
With our challenge set for you,
One final thing, please let us know,
How many you could do!"
